

Automotive / Heavy-Duty Journeyman / Apprentice – Calgary, AB

We are looking for a full-time **Automotive/Heavy-Duty Journeyman/Apprentice** to join our team based in Calgary, AB. Reporting to the Service Director, the Technician will be responsible for maintaining service operations by inspecting and repairing vehicles.

Join us and be part of a great team that fosters trust and collaboration. We offer competitive salary, comprehensive benefits package, pension plan, and an excellent work environment.

Responsibilities and Duties

- Running diagnostic tests, repairing, and maintaining customer vehicles
- Performing Preventative Maintenance on vehicles
- Maintaining records of serviced vehicles
- Completing production work which includes prepping new buses for delivery.
- Performing Commercial Vehicle Inspections
- Adherence to inspection and safety policies & procedures
- Verifying vehicle serviceability by conducting test drives
- Update job knowledge by participating in educational opportunities (ex. EV bus training)
- Ensuring that the worksite is always clean and safe.
- Be a team player

Education, Experience, and Requirements

- Hold a valid red Seal Automotive or Heavy-Duty Certificate Qualification
- Will also consider a Level 3 or 4 apprentice
- Valid Class 5 driver's license (Class 4 or 2 is an asset)
- CVIP license to inspect vehicle classes 4 & 5 – Bus and School Bus (will provide training)
- LPG Certificate of Qualification is an asset
- Ford IDS experience is an asset.
- Cummins Insite experience is an asset.
- Excellent active listening, problem solving, and communication skills
- Able to lift 50 lbs
- Strong attention to detail, good organization skills and ability to work with minimal supervision.

Wage: Competitive (qualifications and skills based)
Plans: Medical, Dental and Pension plan
Work hours: Monday to Friday from 8 to 4.30pm (opportunity for overtime)
